

ABOUT VERNER

For over 20 years, Verner Center for Early Learning has been a leader in more ways than one: our commitment to developing the youngest among us, our thorough support for families and communities, and our investment in the development of educators. Verner's centers provide a supportive, inclusive work environment, with a strong emphasis on one-on-one mentorship. Verner staff are expected to foster the inclusive, play-based, interactive and reflective learning atmosphere that families have come to expect of us. Ideal applicants are open-minded and willing to grow and learn about innovative child development and family engagement best practices. Our unique benefits package includes tuition assistance, paid training, and comprehensive mental health support. All Verner staff are also entitled to freshly prepared and complimentary breakfasts, lunches, and snacks, courtesy of our Rainbow In My Tummy comprehensive nutrition program.

Seeking a Support Teacher to work with toddlers and preschool aged children.

Seeking an experienced and compassionate Educator to join our amazing program! This teacher will work in conjunction with the Lead Teacher and Teacher Assistant to lead a group of young children.

Responsibilities include:

- Establish & maintain a safe and healthy learning environment for children, teachers and parents.
- Setting an emotional tone for the room that is responsive to children, parents and teachers.
- Assess the educational and developmental needs of each child.
- Planning and implementing a curriculum that will enhance the development of the children in all areas (cognitive, physical, social, emotional), with an awareness of the needs of children.
- Educating and supporting parents as necessary.
- The teacher will approach issues and problems professionally and self-reflectively, work cooperatively with colleagues, attend staff meetings, and engage in ongoing staff development.
